

Stealth Homophobes

Written by Dr. John E. Russell Sr -

The consortium of practicing homosexuals and the radical left media have engaged in painting all who do not support sodomy as "homophobes."

Who are the real homophobes? Homophobes are those who hate and/or fear both celibate and practicing homosexuals.

However, the **Stealth Homophobes** are doing more evil than anyone. These people facilitate the murder of practicing homosexuals and are never legally held culpable. This group includes practicing homosexuals and the radical left media. By making more converts to homosexual practice, they insure that **male homosexuals who do not contract AIDS will die at age 42**

. Heterosexual males will live to age 74.

The average lifespan of lesbian women is 45 years

versus the average lifespan of normal women being 80!

To rob people of 32-35 years of their lives is murder, pure and simple!

Stealth homophobes are the most dangerous.

Those who genuinely care for people and try to warn against homosexual practice are labeled as homophobes. Some believe this slander and then enter the [un]gay lifestyle that will rob them of quality of life, and then murder them.
